

Greetings Student:

All students interested in submitting an official ADN application will need to take the HESI A2 entrance exam. The exam will be proctored in-person at our WALT Center at United Nursing College, and you can book an appointment at your convenience. You will need a minimum overall score of 70% or higher to apply to our program.

The sections included on the UNC exam will be as follows: Anatomy & Physiology, Biology, Chemistry, Math, Reading Comprehension, Vocabulary & General Knowledge, Learning Styles, and Personality Style. You will have 265 minutes to complete the entire exam. A \$20 assessment fee and \$64 Elsevier exam fee will be paid separately. We recommend completing most or all of your prerequisites before you take the exam.

When you are ready, please book your appointment on our website at [Unitednursingcollege.org/hesi-exam](https://unitednursingcollege.org/hesi-exam).

Here are a few options for study guides:

- The Exam is hosted through Elsevier, so their [study guide](#) will be the most comprehensive.
- Mometrix [study guide](#)
- There are a lot of free versions online as well; just make sure you're looking for HESI A2!

Please let us know if you have any questions!

Best Regards,
United Nursing College
