

OUR MISSION

UNITED NURSING COLLEGE'S mission is to transform students into highly skilled healthcare providers who deliver safe, compassionate care with a commitment to the pursuit of lifelong learning.

UNC'S FOCUS is to deliver quality education through the development of intellectual, analytical, and critical thinking abilities through evidence-based practice. We strive to provide an experience that encompasses cultural competence and ethical standards, ensuring our graduates are confident, knowledgeable, and empathetic.

- Evidence-based active learning
- Career-oriented culture
- Job placement assistance available

“WE ARE DEDICATED TO IMPROVING THE HEALTH OF OUR COMMUNITY BY SETTING THE STANDARD OF EXCELLENCE.”

—DR. JOHN HONG, CEO

CURRENT DEGREES OFFERED

1 GENERAL EDUCATION

United Nursing College offers prerequisite courses designed to meet the requirements for our nursing programs. Our General Education courses provide essential skills in communication, critical reasoning, mathematics, science, and social awareness, placing students on a path to success in both their academic and career journeys.

2 PRE-LICENSURE ASSOCIATE DEGREE IN NURSING (ADN)

The Associate Degree in Nursing (ADN) program is a pre-licensure program that consists of four semesters of didactic, laboratory, and clinical instruction. The curriculum covers fundamentals of nursing, medical-surgical, pediatrics, obstetrics, geriatrics, and behavioral health, focusing on cultural competence and ethical standards of care. Upon graduation, students will be prepared to apply for national licensure known as the NCLEX-RN.

3 ADVANCED PLACEMENT PATHWAY

The Advanced Placement (AP) Pathway is designed and built specifically for qualified Military Healthcare Professionals, Licensed Vocational Nurses, Licensed Psychiatric Technicians, and Paramedics who want to transition to their ADN degree. Successful completion of our entire workshop series is required prior to applying to our highly competitive Advanced Placement Pathway. The series is skillfully designed with didactic and laboratory instruction and will evaluate student readiness for Advanced Placement into the ADN Program.

4 RN TO BSN DEGREE

This is a program intended for Registered Nurses who are seeking a Bachelor of Science in Nursing Degree (BSN). The ADN to BSN program is designed to prepare registered nurses to advance empirical knowledge based on evidence-based research.
